

Your final cumulative high school GPA (weighted or unweighted) determines the type of DSF partner college where you will be eligible to receive the DSF scholarship:

2.75 or higher GPA

Eligible in any degree type (certificate, associate, or bachelor) at [any DSF partner college](#).

2.5-2.749 GPA

Eligible for scholarship only at a DSF partner [technical](#) or [community college](#).

2.0-2.49 GPA

Eligible for scholarship only at a DSF partner technical college.

If you plan to enroll in or transfer to a college type that requires a higher minimum high school GPA than you earned in high school, you must meet the requirements listed below to receive an exception to the minimum GPA requirement.

If you have completed a certificate or degree at a technical or community college, you are eligible at any college type and DO NOT need to complete this form. Please upload a copy of your unofficial transcript to DSF showing that your degree or certificate has been conferred and the date.

You must submit the completed form and your unofficial or official college transcript (showing that you have met all of the requirements) no later than **JULY 15.**

Steps to Complete & Submit the Request:

- Successful completion of a minimum of 12 college credit hours at a **community college or 4-year college/university**, as shown on a college transcript; and
- Minimum 2.0 cumulative college GPA; and
- Meeting current college’s Satisfactory Academic Progress requirements (not on academic/financial aid probation); and
- Verify that your final college choice is accurate/updated in [your DSF Portal](#).
