Colorado Christian University (CCU)
Student Success Requirements for 2020-21

All DSF Scholars:
☐ Maintain current DSF check-in requirements with designated Campus Contact for all DSF Scholars.
☐ DSF Scholars must meet with their Life Directions Center (LDC) advisor at least once per semester. More visits are encouraged! Advisors assist with academic advising and other academic support services such as tutoring, early academic alerts, mentoring, and focusing on self-efficacy.

New/Transfer DSF Scholars:
☐ Must meet with their DSF Campus Contact/Life Directions Center advisor within 30 days of the beginning of each semester.
☐ New DSF Scholars are also required to participate in a 3 credit First Year Integration course their first semester at CCU.
☐ New transfer students are required to participate in a 1 credit Transfer Integration course their first semester at CCU.
☐ These courses include strengths and gifts assessments, a New Student Retreat, campus resource trainings, registration training and Student Success workshops.

Returning DSF Scholars:
☐ Must meet with their DSF Campus Contact/Life Directions Center advisor within 60 days of the beginning of each semester.
☐ Returning DSF Scholars are also required to participate in a second year review with their LDC advisor. This process reviews a student’s academic progress, plans out their remaining semesters at CCU, reviews graduation and academic requirements, and encourages students to begin career development opportunities or graduate school investigation if the student is planning to pursue graduate school soon after college graduation.

Contact your DSF Campus Contact to verify your check-in deadline!
