Student Support Programs

The Denver Scholarship Foundation wants every college student to successfully complete a college degree or certificate. Below are some helpful resources and programs that are available at CC.

BRIDGE SCHOLARS PROGRAM

Students will have the opportunity to take a rigorous two-week course to get to know the student-centered CC classroom, work closely with faculty, get connected to the robust network of campus resources, build relationships with fellow scholars and experienced student mentors, and begin to explore the many engagement and leadership opportunities at the college through the four years at Colorado College.

COLKET CENTER FOR ACADEMIC EXCELLENCE

The Colket Center facilitates student learning, cultivates intellectual community, and supports students in developing skills they can apply broadly across and beyond the curriculum.

THE BUTLER CENTER

The Butler Center is the hub of diversity, inclusion, intercultural exchange, equity, and empowerment for the Colorado College community. It invests in the cultivation of an inclusive campus community where the differences and similarities of individuals and communities are valued and explored through learning, mentoring, advising, facilitating dialogues, and providing a myriad of community-building activities. The Butler Center intentionally interrogates our shared beliefs, practices, and systems toward inclusive and equitable outcomes at Colorado College.
